WHAT DOES AOC DO WITH A PATIENT'S PHI? Accurate Optical Company, Inc. does not rent, sell, or exchange any protected health information about its patients. The only parties who have access to such information are employees of affiliates within the AOC family of businesses and vendors who have signed Business Associate Agreements guaranteeing to safeguard a patient's PHI.

How does the FairTax affect income tax preparers, accountants, and many government employees? There are, of course, still some people who are involved in sales tax return preparation and sales tax administration under the FairTax, but many fewer than those involved with the income tax today. Those tax preparers, tax lawyers, and Internal Revenue Service employees, who are typically well educated and well equipped with transferable skills, will have to find other, more productive work. The projected 10.No. As surprising as it may sound, prices at the cash register will not go up under the FairTax. Simply put, the FairTax is a revenue-neutral proposal, raising no more money than does the current system.

Are Seniors taxed twice on savings, once when they saved it, and now again when they spend it? No. As surprising as it may sound, prices at the cash register will not go up under the FairTax. Simply put, the FairTax is a revenue-neutral proposal, raising no more money than does the current system. The FairTax only changes where the money is raised, not the amount. Therefore, the FairTax is also price neutral. The price of every good or service we buy today is inflated by the cost of corporate income taxes, private sector compliance costs, and payroll matching taxes. Yes, we set up a process control on all print jobs tailored to customer specification. All finished jobs have a certificate of compliance. No.

Do I have time to travel while I am up there? Yes, you have every weekend. Trips to Gettysburg, Philly, New York, and the Shenandoah River Valley are not a huge problem. I can only speak from experience, and given the choice between Spring and Summer, I would choose Spring again in a heart beat.

What kind of career opportunities are available to your graduates? The field of Environmental health is growing as a result of increased awareness of physical, biological and chemical hazards in our world; greater knowledge of their potential effects on human health; and more emphasis on personal and worker safety. Graduates can make a difference in improving quality of life and have a career that provides a good salary and promising professional opportunities. CPI is an acronym for Compliance, Permits, & Inspections Department.
